

Preassembled indoor units

General information

Model	WEP
Construction type	All-electric indoor unit
Weight (bruto)	9,2 kg
Weight	7,8 kg
Dimensions	390 x 350 x 165 mm

Components

Capacity inline heater	3kW
Voltage 16A	230V
Dry run protection	70 °C
Housing	EPP
Number of circulation pumps	2
Maximum delivery head	8m
Flow control	Intelligent PWM
Flow speed	0.5 – 2 m ³ /h
Flow direction	Check valve
Maximum operating pressure	3 Bar
Air separator	Automatic

Connection diameters

Heat pump	1 ½"
Central heating	1 ½"
Tap water (DHW)	1 ½"

General information

Model	WHP
Construction type	Hybride indoor unit
Weight (bruto)	7,5 kg
Weight	6,1 kg
Dimensions	390 x 350 x 165 mm

Components

Voltage 16A	230V
Housing	EPP
Number of circulation pumps	1
Maximum delivery head	8m
Flow control	Intelligent PWM
Flow speed	0.5 – 2 m ³ /h
Flow direction	Check valve
Maximum operating pressure	3 Bar
Air separator	Automatic

Connection diameters

Heat pump	1 ½"
Central heating	1 ½"
Check valve	6/4"F - 6/4"M / 1"F
